Repair of four joints between 1CC and LDD was successful, but another joint was questionable. A retest will be done this week.

Another repair has been undertaken on the tie-in at Junction 1B. Retest Wednesday.

Line 34 tie-in point has been exposed and cut for tile change.

Line 35 is (12" from LFF) approximately 80% complete.

Soldier beams pulled and backfill continues between 1BB and 1CC.

Soldier beams driven east to just past 7AA.

Began shoring up area near track 8E with sheet piling so work can safely proceed around chlorine cars.

Good test achieved on Box 1CC.

Sandblasting manholes.

Water table in control with five dewatering pumps running.
